Peachtree Quantum

Peachtree by Sage – Quantum 2009

Peachtree by Sage – Quantum 2009 is the most comprehensive offering in the Peachtree product line. Designed for growth-oriented small businesses, Peachtree Quantum provides a robust, high performance accounting solution that supports 10,15, 20 or 30 licensed, named users²² and offers advanced security settings to ensure that work is done efficiently and securely. It has a database that has been optimized to support companies with larger transaction volumes and to better manage additional customer, vendor, and inventory data.²³ With new SmartPosting technology, Peachtree Quantum 2009 yields increased performance with save times up to 90% faster, up to 50% faster look up lists and searches than other Peachtree solutions, and access to nearly all reports in less than 1 second.²⁹ Peachtree Quantum comes with a 90-day, no-risk return policy and includes all product updates and upgrades that are released within 12 months of the purchase date.²⁵ Plus, it includes one year of unlimited²⁴ access to Customer Support. The enhanced performance and multi-user capabilities of Peachtree Quantum empower organizations to become more productive and get the accuracy and control needed to help increase profitability.

All of the features found in Peachtree Premium Accounting, plus:

Industry-specific functionality, such as retainage²⁶ and work tickets.

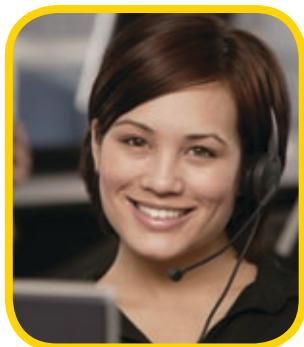

NEW! SmartPosting Technology for faster performance²⁹

ENHANCED! Select between 10, 15, 20 or even 30 licensed, named users²²

Role-Based Security

The Helpful Support You Deserve!

All Peachtree products offer multiple Help options so your customers can get fast answers to their questions.

- Take the Peachtree Guided Tour for an overview of product features and navigation.
- What's New in Peachtree gives users a quick overview on how to use the latest features in Peachtree.
- The "Help Me Choose" feature helps users determine which Peachtree product is right for their business.
- More than 20 Instructional Demos are available, showing how to handle routine tasks.
- The interactive "How Do I?" feature answers specific questions about how to use Peachtree.
- Users can always access in-product Help and the online Knowledge Base of FAQs.
- We offer a variety of Peachtree Customer Support plans³⁰

30 DAYS OF FREE SUPPORT¹

for all Peachtree customers
upon product registration!

Disclosures

- 1 Free support provided for currently supported products only. Sage Software reserves the right to limit calls to one hour or one incident.
- 2 Upon upgrading to Peachtree 2009, 3 years of converted Peachtree Financial Statement data and account balance data on General Ledger reports will be readily accessible, as well as any future closed years will be available.
- 3 *Excel, Outlook and Word integration requires Microsoft Excel, Outlook and Word 2000, 2002, 2003 or 2007.*
- 4 Compliant tax forms and tax tables require a subscription to Peachtree Simple Payroll or Peachtree Select Payroll. See www.peachtreepayroll.com or call 877-231-3761 for more details.
- 5 Versions 2005 – 2008. Basic through Enterprise. Excludes conversion of QuickBooks individual payroll transactions. For additional information on conversion limitations, please visit www.peachtree.com/ob.
- 6 For multi-user access, you must purchase one single-user box per licensed, named user or one Multi-User Value Pack for up to five licensed, named users. See System Requirements. For greater than five licensed, named users, visit www.peachtreequantum.com.
- 7 Subject to approval and to Sage Software terms of service. Additional fees, internet access and checking account required.
- 8 Internet access required. See www.peachtree.com/banks for a current list of supported banks, which is subject to change. Your bank may charge a fee to download statements.
- 9 UPS functionality is subject to UPS terms and conditions. Internet access required.
- 10 Regulatory compliance requires paid subscription. Additional fees apply for more than 200 assets.
- 11 Microsoft Windows XP Home Edition and Windows Server 2000 not supported.
- 12 Windows 2000, 2003 or 2008 Server along with Remote Desktop Connection or Remote Desktop Web Connection client is required to run in a windows Terminal Services environment. No more than 5 named users. Terminal Server requires additional memory when more than one user is running under Windows Terminal Services. An additional 21 MB RAM is recommended for each additional user.
- 13 Requires Microsoft Outlook 2000, 2002, 2003, or 2007; Outlook Express 5 or 6; other MAPI compliant e-mail programs.
- 14 Sage Software is not liable or responsible for any fines or penalties that may result from errors in your company accounting records. The Internal Accounting Review is not intended to uncover all questionable transactions.
- 15 Subject to approval. Additional fees, Internet access, and credit card required. Not available with Peachtree First Accounting.
- 16 Additional fees apply. Year end payroll tax forms (such as W2s and 1099s) are updated at the end of the calendar year. Subscription includes the latest federal law changes plus coverage of two states of your choice. Registration and valid e-mail address required. Forms for PR and US VI are not supported. Not available with Peachtree First Accounting.
- 17 Annual subscription fee required. Your subscription includes all the latest federal tax law changes plus coverage of two states of your choice. Includes over 230 federal and state forms. Year-end payroll tax forms (such as W-2s and 1099s) are updated at the end of the calendar year. Forms manually filed where electronic filing is unavailable. One employer identification number ("EIN") per subscription (if you have more than one EIN, please call 877-231-3761). Registration, authorized signature, Internet access, and valid e-mail address required. W-2 form delivery to employees requires additional fees. Additional fees may apply for late filing. Subject to third party terms and conditions. Not available with Peachtree First Accounting. Forms for PR and US VI are not supported.
- 18 Subject to approval. Additional fees, Internet access and credit card required.
- 19 Includes access to 100MB of storage space for one year from date of installation. Upgrade to next Peachtree release required to continue free yearly service beyond initial term. Subject to third party terms and conditions. Internet access required. Terms, conditions, pricing, features and service options subject to change without notice. Windows 2000, Windows Server 2003 and Terminal Services are not supported.
- 20 Subject to approval and to Peachtree Payment Solutions terms and conditions. Additional fees (including swipe terminal for card present transactions), internet access, and credit card required.
- 21 Outlook Sync supported in Exchange 5.5 SP4, 2000 SP2, and 2003.
- 22 Multi User licenses available in packs of 10, 15, 20 or 30. A maximum of 30 licensed, named users is allowed. Only the first 30 named users selected in the user maintenance screen are considered licensed, named users.
- 23 Peachtree does not impose a hard limit on database capacity, however, individual performance will vary depending on actual number of transactions, database size, and number of concurrent users. Data management efficiencies are also realized in the Peachtree 2009 products.
- 24 Sage Software reserves the right to limit calls to one hour or one incident.
- 25 Your Peachtree Business Care Plan (which includes product upgrades, product updates and customer support) will be renewed automatically each year on the anniversary date of your purchase, at the then current renewal price, unless you terminate your agreement prior to that date. Renewal is not required for continued access to product updates.
- 26 Retainage is available only in companies using accrual based accounting.
- 27 Requires Microsoft Word and Excel 2000, 2002, 2003, or 2007.
- 28 Statement of Activities Report can be found in sample company data and may be copied and modified for use.
- 29 Performance results are based on recommended system requirements for Peachtree Premium Accounting 2009. Results may vary based on configuration, size and content of data file, system and network traffic. For information on testing environment refer to www.peachtreequantum.com/test09.
- 30 Additional fees apply.
- 31 Internet access required. Must have a license for ACT! by Sage version 2006, 2007 or 2008.
